Numbers shall be corrected on an ongoing basis as additional information is received. Based off of the data on the reporting forms received from handlers, there may be a discrepancy in the total calculations due to the following: breakdown of totals were not provided and improper uncommitted inventory calculations.

\$986.20 Inventory totals do not include pecans warehoused by growers.

Shelled Meats are converted to inshell using a yeild of 50% (multiplying the shelled meats by "2"). The form automatically makes this calcualtion.
